Dear Mr. and Mrs. Osadchuk:

At Akron Children's Hospital every day is a celebration of life! From the smallest premature baby to the elderly adult burn patient, each day is a triumph of human nature over the ravages of illness or injury.

Treating nearly 400,000 patients from throughout northeastern Ohio, Akron Children's patients use more than 1,440 popsicles and 7,300 flavored tongue depressors per week, 22,600 Band-Aids and 38,820 diapers a month!

Treating these patients and making the miracles possible is due to the generous support of thousands of committed individuals, corporations and organizations just like you. People who believe in our mission and want to make a difference in the lives of the children in our care.

We welcome you as a new donor to Akron Children's Hospital and assure you that one-hundred percent of your donation will be used to provide the very best medical and health care to all of our patients - regardless of their ability to pay. Gifts to the Hospital help purchase special "kid-size" and "kid-friendly" medical equipment and supplies; provide research in the causes and care of childhood illness and injury; train the next generation of pediatric care givers, and fund child advocacy and community outreach services so that all children in our community grow up healthy and safe.

Once again, on behalf of the patients and staff of Akron Children's Hospital, thank you for your generous support, your belief in our mission, and for caring enough to make a difference in the life of a child.

Gratefully,

Laura Jo Hawk
 Director of Annual Programs/Children's Miracle Network
